"Why can't a left-hand batter successfully hit a southpaw (wirler?

This question was asked Doc White, the Chicago picher, who not only throws from the port side, but hits left-handed, and who is recognized as one of the bruinest fingers in the big leagues.

"I know one left-hand hiter who can wallog a scuthpaw any old time he comes to the but," was White's quick retort.

"Who?"

"But seriously, Doc, what's the an-weer? What is your theory?" "It is the simplest thing in the world,"

Jim Horan, the former Trinity College
captain, who has been out of the game
for the greater part of the season suffering from an old injury received in basehall last season, is fast rounding into
shape and he will in all probability play
regularly in one of the forward positions.
Clancy, of last season's feam, has been
showing good form in practice, and it is
very likely that he will be put in at guard
for at least part of the game this afterboon. Allen, a new man at the unirestry cloud the squard yesteraky. He
is also trying for a guard position, and
is will doubless be given a trial in one

WALKER SENT CONTRACT

Andy May Join Sally Circuit Team. Rules Committee Meeting Is Called-Other Gossip.

By C. W. SWAN.

Julius V. Minich, the lied who put up so classy a gains behind the bat for the Sewage Pounding Station and Walford fearms last auminer, will join the Savannah chub of the South Atlantic League early in April.

Last season "Dutch" Munich played a great game, his throwing being one of the features of every contest the Walford aggregation played, and the Sally ofcuilt nine has secured a good running mats for Joe Geibel, who is also a produced the beal sand lots.

Munich hats right-handed and throws the same way. Last year "Dutch's" greatest fault was his tendency to slug the ball, but under the capable old warhorse, Mullaney, he will make them all rit up and take notice. Playing with the A. B. C.*a, of Alexandris, Munich put up a fast article of ball, leading that team in the field and throwing out practically all that started for the midway" sack.

Another local boy who is stated for the

sague, will sensely and it will be up to Andy pools his civil.

Walker's work lest summer attracted he attention of more than one scoul, you are he rather light he was passed to too the time being. Hard as nails, indy can work with the best, and holding down right field for the Savannah Elery Toods the Washington boy who a new secretary of the Savannah team, hinks a great deal of Walker, and will more than likely see that he has every chance in the world to make good, should had wake up his mind to sign with the Sally circuit organization.

Griff organized the largest amateur commission on record, that of the Chicago Amateur Managers' Association, so it plain to be seen that he can give the local magnates a few pointers that will not go amits.

The one-man, one-team rule will come up for considerable discussion, as will the question of the pumber of players allowed a club. Several presidents of leagues have gone on record as tavoring fifteen men to a team, which is about right, as a club seeds four pitchers, two catchers, and two substitutes. The practice of signing a man over night is a thing of the past.

Manager Hill, of the Loffler

Manager Hill, of the Loffler club of the Independence League, dropped in last night for a little chat, and from the array of talent Hill has already signed up it looks as if the other teams will have to hustle. Hill is locaing no time, and that would be a wise thing for a few other managers to do. The Sherwood players are desirous of knowing just where they stand, as several of them, have been offered berths in other leagues. It is about time for the managers to get boxy, as Dennelly, of the Manhattann; Mouller, of the Funpers, and several others are not letting any trais grow under their feet.

Austin Howard, the former

The following dispaten expeans to case:

"Atlants. Ga., Jan. 23.—Austin Howard, the Washington boy who played with the Crackers last season, is among the holdouts. Howard has received an increase, but wants more money. Last essaon Howard played almost every position on the team, and he showed up very well. It is not expected Manager Hemphill will have any trouble in signing up the youngster, as he will do all in his power to have him here the first of the training season.

HILLTOP GOSSIP.

The Preps play the Western High School quintet in the Western gymnasium to-morrow aftermoon, and this game is bound to be a good contest, as both of these learns are evenly matched.

The 'varsity football, schedule is fast rounding to form, and it is expected that in about a week of ten days that the whole thing will be completed. Manager Loichot stated that he expected that there would be about ten games on the schedule. It looks now as though Randolph-Macon will be the first college team to be played.

Harry Custello, of football fame, with continues to show form in the aprints, and it would not be at all surpristing to see this crack little sublet give them all a run for their money in the big mess.

all a run for their money in the big meat.

It was learned from Manager Fortune, of the Blue and Gray basket-hall quintet, that his team will most likely meet the Dean Academy quintet here in February; It seems that North Carolian had a game scheduled with the local team for February 18, and that they canceled their game at the last moment, thereby leaving the local team without a same for this date. When Manager Fertune was also regarding the bringing of the crack Massachusetts quinter, here for a game he apoke as though the game was already arranged.
